(63) 908-8926595

jonathanmanas@gmail.com

Professional Experiences

Lead / Senior Front-end Developer

ConnectOS / Continuum, 2023 - 2024

Worked with myosh, a global vendor of cloud-based HSEQ Management Software, to transform and elevate software functionality across multiple enterprise modules while overseeing maintenance tasks. Offered technical advice to enhance old applications, ensuring optimal performance and meeting client needs.

Senior Front-end Developer / Unit Team Lead

Code and Theory, 2018 - 2023

Turned designs into user-friendly, responsive web applications. Guided the front-end team to uphold code standards and ensure the maintainability and scalability of each project. Provided technical and practical career support to junior developers while taking a leadership role in overseeing their work.

Front-end Developer (Software Engineer II)

Citron Information Solutions, Inc., 2016 - 2018

Managed the front-end specifications to guarantee accessibility and functionality of web applications for both public and private enterprises. Ensured compatibility across various browsers, addressing the diverse user base and enhancing the user experience on multiple platforms such as web and desktop apps.

Other: Resource Speaker / Trainor

ReactJS Training, May 30 - June 01, 2018,
Phoenix One Knowledge Solutions

Acted as a temporary instructor to a group of developers from various local companies venturing into React for the first time. Provided training to facilitate introduction and understanding of React development principles.

Skills

HTML, CSS, SCSS, Javascript, Typescript, React, NextJs, Redux, RTK Query, SWR, React Hook Form, Zustand, Recharts, ChartJs, Storybook, WordPress, Drupal, Tailwind, Styled Components, Web Components, Handlebars, Node, Git, Webpack, Jest, a11y

Senior Front-end Developer / Digital Production Manager

Public ApS (Denmark) / RelationHouse, Inc.,
2011 - 2015

Developed scalable, responsive websites using proficient front-end tools and industry standards. Contributed to technical planning, task scheduling, and reporting throughout the project lifecycle. Established development guidelines to improve production workflow and ensure client satisfaction. Actively participated in the recruitment process, contributing to hiring new team members to strengthen and expand the project team.

Web Master / Graphic Artist / Marketing Manager

Integrated Security and Automation, Inc.,
2007 - 2010

Oversaw the upkeep of the company website, including content creation. Led the Marketing and Advertising Department in the development and execution of comprehensive marketing and advertising campaigns and strategies. Managed trade exhibitions and events, ensuring successful execution. Generated emailers, online newsletters, and print collaterals to support the company's promotional efforts.

Front-end Developer, Web Designer, Graphic Artist, HTML+CSS Coder

Various Organizations as Contractor, Project-Based,
or Freelancer, 2005 - 2007
